

### **PROVISION OF UNCOMPENSATED CARE**

The Director of the State Health Planning and Development Agency in conjunction with the Department of Health advised in a recent Notice of intended amendments to Chapter 44, Title 22. The proposed amendments revise the requirements for health care facilities providing uncompensated care to persons who cannot afford health care services. The Director's intent is to strike Chapter 44 in its entirety and replace it with wholly amended provisions. The notice was published on September 2, 2005, and will likely become effective within the next 30 days thereof.
