## Edward J. Sedlacek

### Senior Counsel

### Overview

Health care providers who find themselves involved in a malpractice claim need an attorney with the requisite knowledge and experience to guide them through the complexities of litigation and to effectively and efficiently advocate on their behalf.

Mr. Sedlacek is a seasoned attorney with over 15 years of complex civil litigation experience. As part of Jackson & Campbell's [Health Law](#) Practice Group, Ed represents physicians, physician-owned practice groups, hospitals, and other medical care providers in defending claims arising in various medical contexts including emergency medicine, orthopedics, cardiology, internal medicine, obstetrics, and general surgery, among others.

Ed's experience encompasses all aspects of civil litigation, including first-chairing jury trials, and arbitrations as well as successfully prosecuting and defending appeals.

In addition to defending malpractice claims, Ed also represents physicians and other health care providers in licensure and credentialing matters before governing regulatory bodies.

Prior to relocating to Northern Virginia, Ed litigated at a sophisticated firm in the Chicago area for many years, giving him a broad base of knowledge and skills which continue to inform his practice.

Outside of the office, Ed enjoys exploring and experiencing the Washington, D.C. area with his wife and two young children.
